

SLTC User Manual

(For the Manufacturers)

Application software for empanelment of manufacturers, approval of implements, equipment and machinery relating to Agriculture, Horticulture, Fisheries & Animal Resources Development sectors for popularisation under different schemes

July 2024

Odisha Farm Machinery Research & Development Centre
Directorate of Agriculture & Food Production
Department of Agriculture & Farmers' Empowerment
Government of Odisha

Technical Partner- NIC, Bhubaneswar

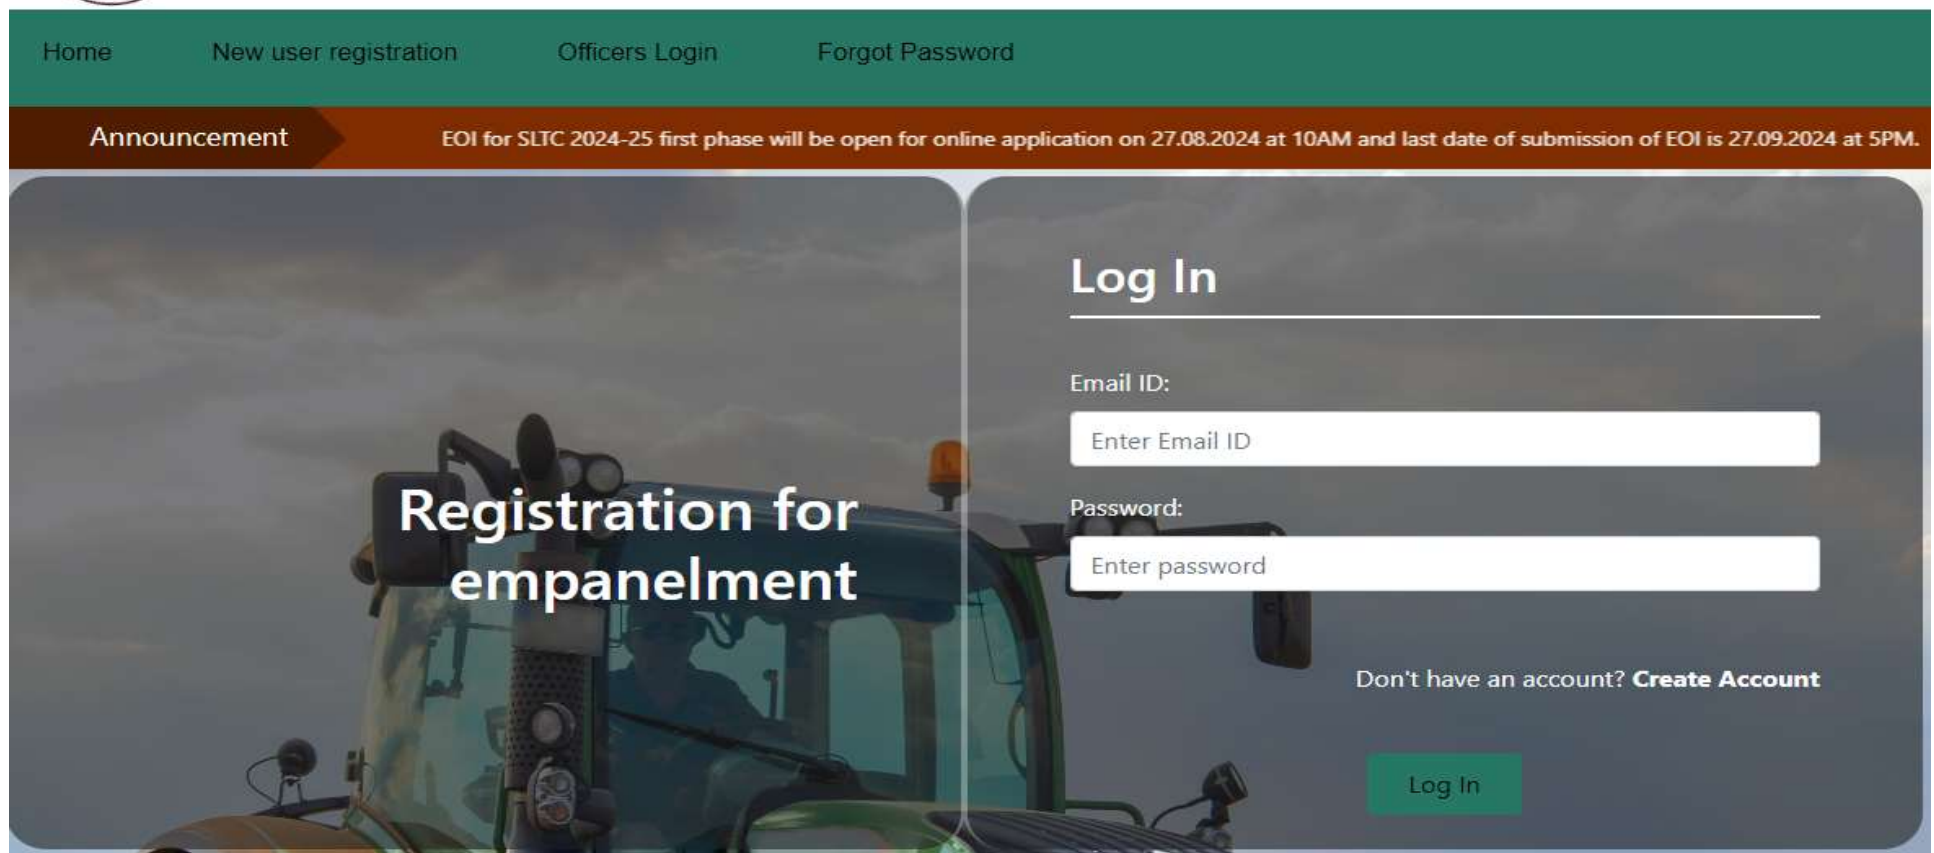

Disclaimer:

- i. The User Manual is dynamic and can be updated as and when required through executive instructions of DA&FP(O).
- ii. The SLTC online module includes processes from registration of manufacturers till approval of make and models by the SLTC.
- iii. In the first instance, online modules for the execution of service level agreements rolled out for the make and models to be approved in the SLTC (2024-25).
- iv. Subsequently, it will be extended for renewal of SLAs to all the make and models.

1) MANUFACTURER/SOURCE COMPANY REGISTRATION

a) Manufacturer Sign Up :

Manufacturer/Source Company needs to visit the webpage <https://ofmrdc.odisha.gov.in> and click on "New user registration" menu to create User ID and Password.

The screenshot displays the website's header with navigation links: Home, New user registration, Officers Login, and Forgot Password. Below the header is an announcement banner regarding the EOI for SLTC 2024-25. The main content area features a large background image of a tractor with the text "Registration for empanelment" overlaid. On the right side, there is a "Log In" section with input fields for Email ID and Password, and a "Log In" button. A link to "Create Account" is also present for users without an account.

Home New user registration Officers Login Forgot Password

Announcement EOI for SLTC 2024-25 first phase will be open for online application on 27.08.2024 at 10AM and last date of submission of EOI is 27.09.2024 at 5PM.

[Generate Otp](#)

a) Manufacturers Sign Up (Continued...) :

Then click on "Generate OTP" button to receive a 4-digit OTP in the provided Mobile Number (OTP will remain valid for 10 mins only).

If the OTP is delivered successfully, then the manufacturer can see a success message that "OTP sent successfully to the provided mobile number".

The screenshot displays a web application interface for manufacturer sign-up. At the top, a dark green navigation bar contains links for "Home", "New user registration", and "Admin L". A light green notification box at the top center displays the message "Otp sent successfully to the provided mobile number". The main content area features a "Sign Up" section with a modal titled "Enter OTP". This modal contains four input boxes for a 4-digit code and a green "Submit" button. In the background, the "Registration for SI" form is visible, showing fields for "Mobile Number" and "Email" with green checkmarks indicating successful validation. A "Send Otp" button is located at the bottom right of the registration form. The footer includes the text "Already have an account? Log In" and a page number "5".

a) Manufacturers Sign Up (Continued...) :

After entering correct OTP, user will be registered successfully. And will see a success message (User registered successfully) as below.

The screenshot displays a web application interface. At the top, a dark green navigation bar contains links for 'Home', 'New user registration', and 'Admin Login'. A light green notification box at the top center states 'User registered successfully'. The main content area features a 'Sign Up' form with several input fields, some of which are marked with green checkmarks. A modal window titled 'Enter OTP' is centered on the screen, displaying the text 'Redirecting to login page in 2 seconds.' and four input boxes containing the digits '6', '7', '0', and '3'. Below these boxes is a green 'Submit' button. The background of the page shows a blurred image of a green tractor. In the bottom right corner, there is a link 'Already have an account? Log In' and a 'Send Otp' button. The page number '6' is visible in the bottom right corner.

Submit

Manufacturer profile application status

- The manufacturer profile (MFP) will be approved/rejected within next two working days from the date of submission of application by the manufacturer.
- SMS will be sent to the registered mobile number accordingly.
- Manufacturers can also view the application status in their log-in page.
- The registered manufacturer (whose manufacturer profile application is approved) can now add implement/technical details for empanelment of new make and models.

d) Updation of manufacturer profile (If required, applicable to already registered manufacturer)

After floating of Expression of Interest (EOI) for empanelment by OFMRDC, the manufacturer need to upload the required latest documents like GST clearance and IT clearance for the months/years preceding to issue of advertisement if not updated previously.

The manufacturer will be able to see the required documents to be updated after login .

3) REQUEST FOR ADDITION OF NEW IMPLEMENTS (PRESENTLY NOT IN DBT MODE)

a) Request by manufacturer

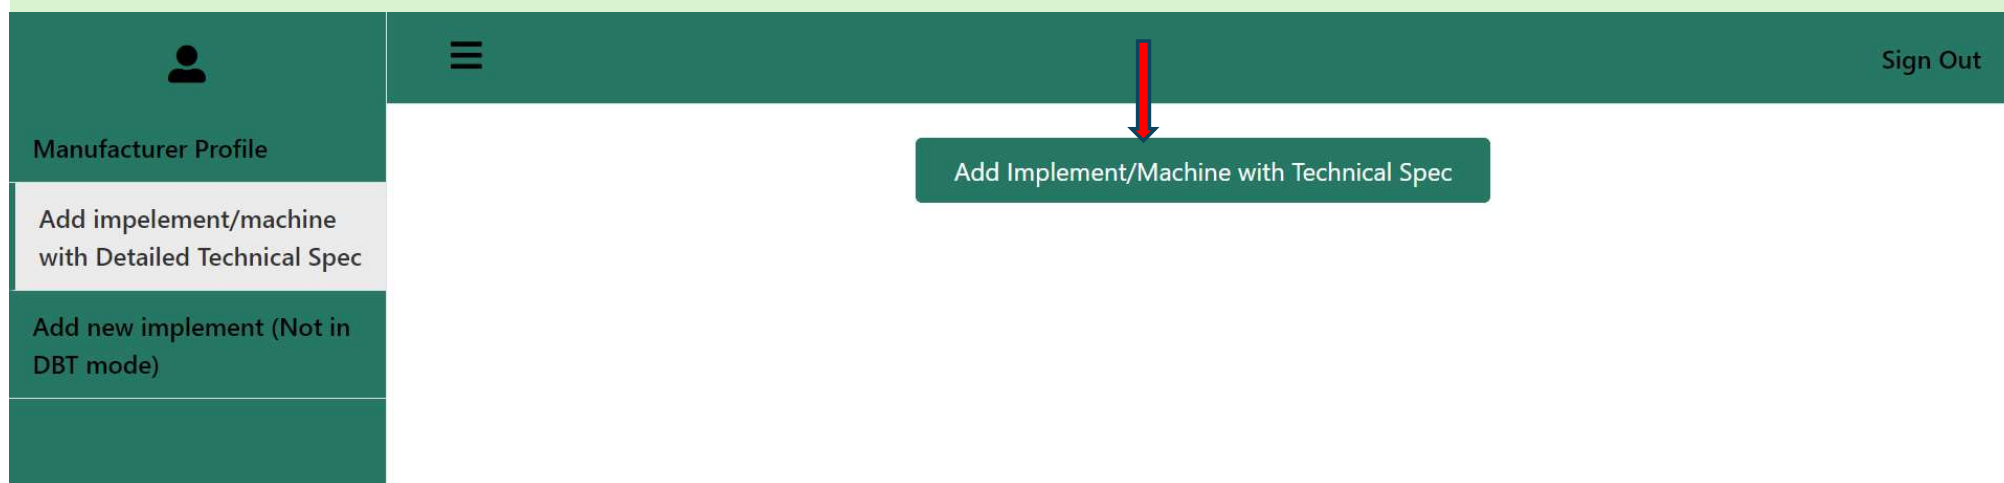

The registered manufacturer can see the option to add new implement (Not enlisted in DBT mode) by clicking “Add new implement (Not enlisted in DBT mode) ” .
Manufacturer can submit the request to add implement by filling the following form.

		Sign Out
Manufacturer Profile	Implements list (Available in DBT mode) : *	
Add impelement/machine with Detailed Technical Spec	<input type="text" value="--Implements--"/>	
Add new implement (Not in DBT mode)	<div><div>Add Implement</div><div><div>Implement Name: *</div><div>Sub implement (If any):</div><div><input type="text"/></div><div><input type="text"/></div><div>Submit</div></div></div>	

4) Addition of implement details for approval

a) Filling up of application form and technical specification for each model of implement

Manufacturer can click on “Detailed Technical Spec” option and then click on “Add implement/Machine with Technical Spec”. Then the manufacturer will be directed to fill up the application form to add an implement.

b)Uploading of relevant documents

Now manufacturers can fill in the application form to add an implement.

☐ I declare that the above information is true as best of my knowledge. If it is found incorrect at any stage then my application shall be rejected.

Submit

d) Manufacturer shall click on the “Submit All”

After clicking the “Add Implement/Machine” button, user can see the previously added implement and can add further implements.

If the manufacturer wants to add more models; shall repeat the same process as above(Point-4 a, b, c)

After the manufacturer has added all the implements, manufacturer needs to click on “Submit All” button before last date of submission.

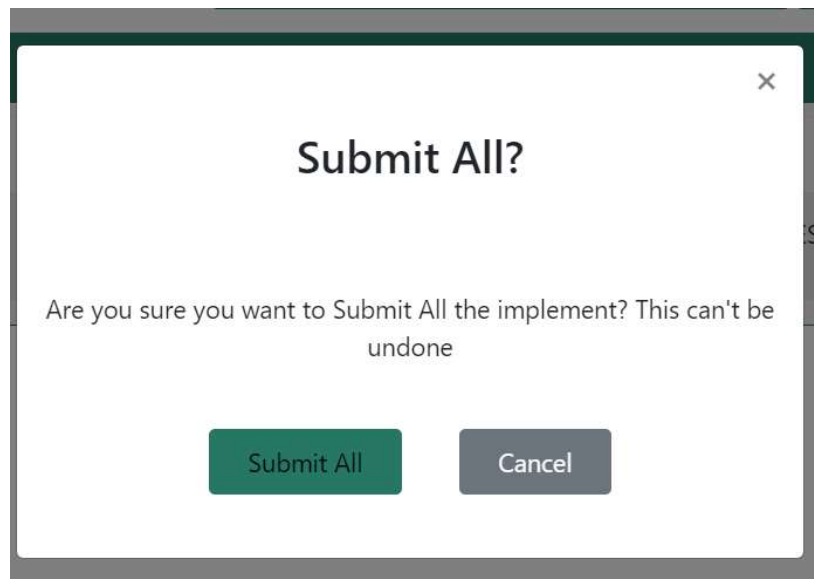

The screenshot displays a web application interface for a manufacturer. On the left is a sidebar with a user icon and three menu items: "Add Implement", "Manufacturer Profile", and "Detailed Technical Spec". The top header bar contains a hamburger menu icon and a "Sign Out" link. The main content area features two buttons: "Add Implement/Machine with Technical Spec" and "Submit All". Below these buttons is a table titled "Detailed Technical Spec". The table has seven columns: "SI No.", "ID", "Manufacturer Name", "Implement", "Make", "Model", and "Details". It contains one data row with the following information: SI No. 1, ID SLTC-21-14-2, Manufacturer Name KTEC AGROS PRIVATE LIMITED, Implement PumpSet, Make Crompton Greaves Consumer Electricals Limited, Model AX, and a "Details" button in the last column.

SI No.	ID	Manufacturer Name	Implement	Make	Model	Details
1	SLTC-21-14-2	KTEC AGROS PRIVATE LIMITED	PumpSet	Crompton Greaves Consumer Electricals Limited	AX	<button>Details</button>

e) Alert after submission

First manufacturer view a confirm screen where she/he confirms that she/he wants to submit all the implements and this can't be undone.

Then an alert “**Application forms to add “n” implements is submitted successfully**” will be shown on the screen if the manufacturer has successfully submitted all implements details.

Application forms to add 1 implements is submitted successfully
